Overview

The United States Bowling Congress' Athlete Safety Program combines the U.S. Center for SafeSport Minor Athlete Abuse Prevention Policies (MAAPP's) and USBC's Registered Volunteer Program into one program. The program is designed to create awareness about emotional, physical and sexual abuse through education and safety policies. Throughout this document the most commonly used terms are defined in the Terminology section starting on page 2.

The USBC Athlete Safety Program accomplishes four important goals:

1. Requires Adult Participants to:
 - Comply with Minor Athlete Safety Policies when interacting with a Minor Athlete (Part III)
 - Report any child abuse, including sexual abuse, to the U.S. Center for SafeSport and USBC (Part IV)
 - Adhere to the USBC Athlete Safety Code of Conduct (Part V)
 - Adhere to the SafeSport Code (Part VI)
2. Requires those Adult Participants who have authority over USBC Youth members to be Registered Volunteers. A Registered Volunteer must comply with the following requirements:
 - Prior to attending a USBC Youth activity or within 45 days of being in a Registered Volunteer role, whichever occurs first:
 - Be a USBC member in good standing
 - Complete the U.S. Center for SafeSport training on a yearly basis (Part I)
 - Pass a background screen through the National Center for Safety Initiatives (NCSI) every two years (Part II)
3. Requires Adult Participants who have regular contact with Minor Athletes, to:
 - Prior to participation:
 - Be a USBC member in good standing
 - Complete the U.S. Center for SafeSport training on a yearly basis (Part I)
4. Provides Minor Athlete Safety Policies for Registered Volunteers and other Adult Participants to adhere to during any certified competition or USBC activity where USBC Youth members are involved. (Part III)

Individuals can gain access to complete the above requirements by logging into USBC's Community portal and then clicking on Athlete Safety under MY USBC. Athlete Safety Portal Instructions can be found on page 32.

This Athlete Safety & RVP Handbook, which will govern the program, has been developed in compliance with the U.S. Center for SafeSport Policies and Procedures and the National Council of Youth Sports recommendations.

It is recommended that Minor Athletes who are in a Registered Volunteer role take the *SafeSport Trained Core Course*, with parental consent, before beginning the role.

NCSI, a national leader in the field of background screening and a company specifically dedicated to the protection of children, is a full-service screening organization that works in accordance with the *Recommended Guidelines*® established by the National Council of Youth Sports ("NCYS").

The screening through NCSI is required even if you have submitted to background checks through an employer or another organization. Consistent and uniform implementation of the Criminal Background Screen Policy is critical to its success. All Registered Volunteers must be treated the same and the same background screen criteria must be applied to all.

NCSI uses the most current records and technology available. A background check will be valid for two years and the \$30 fee will cover an initial full screen plus an annual recheck of national criminal and sex offender registry data. Payment is made directly to NCSI by using Visa or MasterCard (a \$1.25 processing fee may apply).

The NCSI background screen program focuses on criminal activities that pose a serious threat to children. It does not include credit checks or motor vehicle violations.

NCSI will provide the highest possible levels of security to protect the privacy of USBC volunteers and their personal information according to the requirements of the FCRA.

- K. Appeals Process** - USBC will ensure every USBC member who wishes to be a Registered Volunteer has a fair and equitable opportunity to do so. In the event a member wishes to challenge the results of a background screen, he/she will be granted the right to appeal by USBC. Upon appeal, the procedures in Article II of the USBC Bylaws, Disciplinary Procedures Supplement will be followed.

Section III – Minor Athlete Safety Policies

A. Required Policies

The following policies apply to USBC, state and local associations and any certified competition or activity where minor athletes are involved. Local and state associations and league and tournament competitions are referred to throughout these policies as Local Affiliated Organizations (LAOs). Unless a policy is identified as recommended, any adult who is an Adult Participant, which includes Registered Volunteers, must adhere to the policy. Even though a Registered Volunteer is also an Adult Participant, we have referred to them separately in these policies since “Registered Volunteer” is a common term within USBC.

Minor athletes who reach the age of 18 must always adhere to the provisions found in the following policies when interacting with minor athletes who are 4 years of age younger or more.

Minor athletes who reach the age of 18 and then obtain a Registered Volunteer position, such as becoming a coach or official, must comply with these safety policies regardless of the age of the minor athletes with whom they will interact.

Policy #1: One-on-One Interactions

Youth-adult relationships can be healthy and valuable for development of a minor athlete. Limiting on-one interactions reduce the risk of sexual abuse. These policies are intended to reduce risks to minors while allowing for these beneficial relationships.

 - 2) By Phone at 720-531-0340, during regular business hours (Monday-Friday, 9:00 AM MT – 5:00 PM MT.)Reporting such conduct to the USCSS does not satisfy an Adult Participant’s obligation to report to law enforcement or other appropriate authorities consistent with section 226 of the Victims of Child Abuse Act of 1990 (34 U.S.C. § 20341).
2. **Sexual Misconduct**
 - a. Anyone who experiences or becomes aware of an incident of Sexual Misconduct involving a Participant is encouraged to immediately report the incident to USCSS (and/or to law enforcement if the matter involves possible criminal conduct).

B. Anonymous Reports

1. Reports may be made anonymously to USCSS or USBC. Anonymity means USCSS or USBC will not know the personally identifying information of the reporter. It does not mean that the underlying information will be protected.
2. An anonymous report may limit the ability to investigate and respond to a report, and if an Adult Participant reports anonymously, it may not be possible to verify that mandatory reporting obligations have been satisfied.
3. Adult Participants are encouraged to provide their name and contact information when reporting.

C. Whistleblower Protection

1. Regardless of outcome, it is the policy of USBC to support the claimant(s) and his or her right to express concerns in good faith. USBC will not encourage, allow or tolerate attempts from any individual, group or organization to retaliate, punish, allow or in any way harm any individual(s) who reports a concern in good faith. Such actions against a claimant will be considered a violation of the USBC's Athlete Safety Program and grounds for disciplinary action. However, this "Whistleblower" protection is not intended to shield claimants from discipline for engaging in other misconduct.
2. For more information on USBC's Whistleblower Policy, see Article VI in the USBC Bylaws Disciplinary Supplement

D. Data of Matters Addressed by USBC

USBC will annually submit to the Center data regarding:

 - c) Total number of violations of the MAAPP, separated by cases adjudicated by USBC and cases adjudicated by our local associations
3. Reports to the Organization or its local affiliated organization that a Participant engaged in retaliation.
 - a) Total reported incidents of alleged retaliation
 - b) Total number of investigations of alleged retaliation
 - c) Total number of violations of retaliation policy separated by cases adjudicated by USBC and cases adjudicated by our local associations

Any reports submitted to local associations are required to be forwarded to USBC Headquarters for processing. USBC tracks these reports through an internal database (Bowinkle).

Section V – USBC Athlete Safety Code of Conduct

Part of USBC’s commitment is a mandatory agreement for all Registered Volunteers and Adult Participants to abide by the USBC Registered Volunteer Program Code of Conduct. Exceptions may apply to those in a Dual Relationship with a Minor Athlete.

A Registered Volunteer or Adult Participant can be charged with the following code of conduct violation(s):

1. Consumption or being under the influence of alcohol or illegal drugs while working with youth.
2. Providing alcohol or drugs to youth or allowing consumption of same while under your supervision.
3. Physical, verbal, or sexual abuse of any child.
4. Failing to respect the privacy of youth in situations where privacy is required, for example changing clothes or taking showers (the only exception is when health or safety issues dictate specific action).
5. Disciplining by use of physical punishment or failure to provide necessities such as water, food, or shelter.
6. Inappropriately touching a youth’s body. As a rule, this includes any area of the body that would be covered by a bathing suit. It is normally acceptable to touch a youth on the shoulders, arm or upper back.
7. Tickling, wrestling, or teasing a youth.
8. In the presence of a youth or parents or the use of social media where a youth or parents can view:
 - a. Inappropriate jokes or pictures
 - b. Intimate details of one’s personal life
 - c. Any kind of sexual reference
9. Using profanity or any kind of harassment in the presence of a youth or parents.
10. Releasing a youth to anyone other than the authorized parent or guardian, or to a person designated by the parent/guardian.

The grievance should be in writing and detail the charge(s) against the Registered Volunteer or Adult Participant and the Athlete Safety Code of Conduct involved. The grievance should be signed by the person(s) make the charge(s) and filed with USBC Headquarters. Anonymous and/or unsigned complaints concerning sexual misconduct will be forwarded to the U.S. Center for SafeSport for processing.

A violation of the Code of Conduct may result in disciplinary action, including suspension of USBC membership or termination of one’s Registered Volunteer Status.

Section VI – SafeSport Code

The SafeSport Code, created by the U.S. Center for SafeSport, requires participants to abide by a set of procedures and prohibited conduct while participating in a sporting event.

The USBC has adopted the SafeSport Code in its entirety and all members of USBC are expected to abide by the Code. To view the code, please go to safesport.org/policies-procedures or click [here](#).

Frequently Asked Questions

Athlete Safety Program

What is the Athlete Safety Program?

The United States Bowling Congress' Athlete Safety Program combines the U.S. Center for SafeSport Policies and USBC's Registered Volunteer Program into one comprehensive program. This program is designed to create awareness about emotional, physical and sexual abuse through education and safety policies.

Who is required to follow the policies of the Athlete Safety Program?

USBC members age 18 and older who compete in a league with members age 17 or younger are considered Adult Participants and must adhere to the entire handbook with the exception of the Criminal Background Screen Policy. Registered Volunteers are required to follow all policies.

Why does the Athlete Safety Program require all individuals to be USBC members?

USBC must have jurisdiction over those who are either Adult Participants or Registered Volunteers and having membership allows that. Having jurisdiction gives USBC and the U.S. Center for SafeSport the ability to investigate any conduct in violation of these policies.

How will I know it when it's time to complete a requirement to remain in the program?

Each individual will receive an email from USBC prior to expiration of a requirement informing them a requirement is due and to log into their Athlete Safety Portal to complete the process.

How do I log into my Athlete Safety Portal?

Your Athlete Safety Portal can be found by using your community login on BOWL.com, After logging in, click MY USBC and select Athlete Safety.

Adult Participants

Who is considered an Adult Participant?

Any adult (18 years of age or older) who is:

- A member of USBC;
- An employee or board member of USBC, a local or state association;
- Within the governance or disciplinary jurisdiction of USBC, a local or state association,
- Authorized, approved, or appointed by USBC, a local or state association, to have regular contact with or authority over Minor Athletes.
- Individuals in a Registered Volunteer role.

For a complete list of positions within the above roles, please see the Terminology section on page 2.

What is required of an Adult Participant?

Prior to competing in a league with Minor Athletes, Adult Participants must current with USBC's Education and Training Policy which requires *SafeSport Trained* Core Course and subsequent Refresher Courses every year after Adult Participants must also adhere to USBC's Safety Policies, Reporting Policy, Code of Conduct and the SafeSport Code.

What is required of the adults who compete in an adult/youth league?

Any individual age 18 and older is considered an Adult Participant and must adhere to USBC's Education and Training Policy which requires *SafeSport Trained* Core Course and subsequent Refresher Courses every year after.

U.S. Center for SafeSport Training

How do I register for the training?

A link to the training is on BOWL.com in your Athlete Safety Portal. You can access the portal by using your community login. After logging in, click MY USBC and select Athlete Safety.

Why do we need to take the SafeSport Training?

In February 2018, the United States passed a law authorizing the U. S. Center for SafeSport to create awareness about emotional, physical and sexual abuse through education and safety policies.. The law also requires USBC, as the National Governing Body for the sport of bowling, to offer and give consistent training related to the prevention of child abuse to adult members who are in regular contact with minors. This training from the center allows USBC to comply with the law.

To view the law, click [here](#).

Can the SafeSport training be conducted in a group setting?

No. Training is only available through the SafeSport website. This online training is the only training program recognized by the U.S. Center for SafeSport for compliance with the requirement.

How do we verify if an individual has completed SafeSport training?

A SafeSport icon has been added to each member's profile in the Find-a-Member feature. Anyone who has completed the training will show a SafeSport icon.

How often do I have to complete SafeSport Training?

After the initial *SafeSport Trained Core Course*, a refresher course will need to be completed within one year from your completion date.

Is this training required if an 18-year-old only bowls in tournaments with Minor Athletes?

No. The training is required for those who have regular contact with Minor Athletes. Since tournaments are not a competition with regular matches, adults are not under the same requirements in tournaments as they are in leagues. USBC does recommend anyone 18 years of age and older who competes with Minor Athletes to take SafeSport Training on a yearly basis. However, Adult Participants must follow the policies under Section 3 of this manual anytime they are competing with Minor Athletes

If members turn 18 during the bowling season and competes in a USBC Youth certified league, do they need to take *SafeSport Trained Core Course* ?

Yes. Once a member turns 18, they are considered an Adult Participant and must complete the training prior to the next scheduled league session. Anyone under age 18 can take the training with parental consent, or once they turn 18 without consent.

Why do I need a USBC National ID number to register for the SafeSport Training?

U.S. Center for SafeSport transmits your national ID number back to USBC so the training can be attached to your bowler profile. This way, USBC is able to determine when a member completes the required training.

Registered Volunteers

Who must enroll to become a Registered Volunteer?

Anyone age 18 or older who holds a position of authority or supervision over USBC Youth programs, has an opportunity to establish a position of trust, and/or has an opportunity to build a one-on-one relationship through USBC Youth programs with USBC Youth bowlers must become a USBC Registered Volunteer.

Specific roles or positions within the USBC governance that require one to be a Registered Volunteer include:

- USBC headquarters employees
- USBC national board and youth committee members
- USBC Team USA and Junior Team USA members
- State and local youth committee members and directors
- State and local association board members
- State and local association managers
- USBC Youth league officers
- USBC Youth tournament managers
- USBC trained coaches

What is required of the league officers in an adult/youth league?

Any officer of the league must be a Registered Volunteer, which requires the U.S. Center for SafeSport training and a background screen through NCSI.

We don't have any youth bowlers in our association. Do we need to do this?

Yes. Although the program was created with youth in mind, the concepts involved also are appropriate when dealing with adults and senior citizens in our associations. Keeping our members safe from abuse and inappropriate behavior of any kind is always a positive thing for our sport.

Do coaches who do not coach youth have to be a Registered Volunteer?

Yes. USBC takes pride in our coaching program and the individuals who have decided to earn the accreditation. USBC believes this additional training will not only make the coaches more marketable, but it will also give USBC more individuals in bowling centers who are trained to recognize and report abuse to help keep our youth safe.

I submitted the information for my background screen several months ago and haven't heard anything. What can I do?

Usually, the screening process only takes a few days to complete. If you haven't heard anything, please check your email as NCSI may have tried to contact you for more information in order for them to complete the screening.

NCSI Background Screen

How do I register?

A link to the background screen is on BOWL.com in your Athlete Safety Portal. You can access the portal by using your community login. After logging in, click MY USBC and select Athlete Safety.

A Registered Volunteer must be a member of USBC and up to date with their SafeSport training. If your status is green under those logos, you can click on the button below the NCSI logo which will take you to the NCSI website where you can begin your background screen.

Note, if you just completed your SafeSport training you will need to wait 24 hours for the NCSI button to appear.

What is the cost for the background screen?

The cost is \$30 (a \$1.25 processing fee may apply) regardless of where one lives. The entire fee is paid directly to the National Center for Safety Initiatives (NCSI), who will continue to perform the background screenings.

Who is responsible for the payment?

Each individual who enrolls and/or renews will be responsible for the payment, by credit card. If the center or association has determined to pay for a screening(s), it will be up to them to reimburse the individual.

Why do I need a USBC National ID number to register for the background screening through NCSI?

NCSI transmits your national ID number back to USBC so the background screen can be attached to your bowler profile. This way, USBC is able to determine when a member passes the requirement.

How do we verify the NCIS background screen has been completed?

Every member who has completed SafeSport training and a background screen can be found on USBC's Find-a-Volunteer function on BOWL.com. In addition, each Registered Volunteer does have an RVP icon in their profile on the Find-a-Member function.

Who will be notified of an applicant's red light?

NCSI will send a formal letter to the individual and notify USBC Headquarters. USBC then will follow up with the individual informing them of their ineligibility and right to appeal the designation.

How will the association know who is given a green light and a red light?

Individuals will know who has a green light determination in two ways. First, they are wearing an RVP badge; second, by searching "Find a Volunteer" on BOWL.com.

Any individual who does not show on the "Find a Volunteer" feature of BOWL.com is not permitted to work with USBC Youth members either because they have not gone through the process or has received a red light determination.

Can we still access Find-a-Volunteer to determine who is a Green Light?

Yes, that will be the easiest way to find a Registered Volunteer.

How often will the Find A Registered Volunteer database be updated?

Daily. USBC receives the information once a day from both SafeSport and NCSI. The database is then updated each time we receive the information.

I have had a background screening for my job. Why do I need another one?

The screening that is done for the RVP program is dedicated to the protection of children. Screenings you may have had done for your job or other organizations may not screen for the same items as is done for RVP. Also, it is important that all individuals applying for RVP certification be treated the same way and the same background screening criteria must be used for everyone.

Association Board Requirement

We have board members that have not completed the RVP process. Are they still eligible to serve on our Board?

No. To be eligible to serve on a USBC board, you must complete both the SafeSport training and go through the background screen conducted by NCSI for USBC.

We have board members that do not wish to participate. What do we do?

You should ask them to resign. If they do not want to resign, your board should proceed using the board removal procedures found in the USBC Association Policy Manual, Chapter Sixteen, Section E.

When do new board members have to be Registered Volunteers before they can serve on the board?

Newly elected or appointed board members have 45 days from the date they take office or before contact with a USBC Youth member, whichever occurs first, to become a Registered Volunteer.

RVP ID cards

Will USBC still supply RVP lanyards/ID cards?

Yes, for those who complete the U.S. Center for SafeSport training and a background screen through NCSI for USBC.

I use a nickname or my middle name. Can I have that on my badge instead of my full name?

RVP badges are printed using the information that comes to us from NCSI, which is your full, given name found on your government issued IDs and documents. Nicknames are not allowed.

Reporting

Who do I contact to report abuse?

The U.S. Center for SafeSport (USCSS) has exclusive jurisdiction to handle ALL reports of sexual abuse within the U.S. Olympic and Paralympic Movements. Make a report to USCSS if you have a reasonable suspicion of sexual misconduct such as child sex abuse, non-consensual sexual conduct, sexual harassment or intimate relationships involving an imbalance of power. Reports to the USCSS can be done online at uscenterforsafesport.org/report-a-concern/

Contact your local law enforcement authorities if you have a reasonable suspicion that child sexual abuse or neglect has occurred. All reports of child abuse or sexual assault of a minor must also be reported to local law enforcement authorities. Reports of abuse not involving a minor may also be reported to local law enforcement authorities.

Other forms of misconduct such as emotional or physical misconduct, bullying, hazing or harassment can be reported to USCSS or USBC. You can report forms of misconduct to USBC at BOWL.com/RVP.

How do I report a violation of a policy within USBC's Athlete Safety Program or USCSS MAAPP's?

A violation of any policy within USBC's Athlete Safety Program (MAAPP's) can be reported in the same manner as any report of abuse. Any violation which involves sexual conduct must be reported to USCSS and can be done online at uscenterforsafesport.org/report-a-concern/. Other violations can be reported to the Center or USBC at BOWL.com/RVP.

Minor Athlete Safety Policy Scenarios

The following scenarios have been adapted to bowling from scenarios provided by the U.S. Center for SafeSport's (USCSS) MAAPP Manual. These scenarios are based on how USCSS interprets the policy discussed in each scenario.

In-Program Contact

Scenario 1

Leon bowled when he was younger, and his daughter, Carly, followed in his footsteps. Carly is being coached by Leon's former coach, Rebecca, who has become a family friend over the years. Now that Rebecca is Carly's coach, is it okay for Rebecca to come over for a picnic at Leon's that he is hosting for family and friends?

Yes.

If Leon invites Rebecca over for a picnic that is for family and friends, there is no relation to sport and, therefore, no In-Program Contact. Rebecca can attend the picnic, even though Carly will be present. If the picnic was related to sport (e.g., team gathering/celebration) instead of a family and friends gathering, then it would be considered In-Program and the Athlete Safety Program Policies would apply.

Scenario 2

Natasha is a youth league officer at the local bowling center. Several youth league members, all minors, who bowl in Natasha's league are also members of Natasha's church. This weekend, the church is having a volunteer event after the service. If Natasha and the Minor Athletes attend, will this interaction be considered In-Program Contact?

No.

While the Registered Volunteer, Natasha, and Minor Athletes are present, the volunteer event is not related to participation in sport since it is organized by the church. Therefore, the interaction is not considered In-Program Contact, and the Athlete Safety Program Policies do not apply.

Scenario 3

Sabrina is a coach and a Registered Volunteer who has a new student, Devante (17). Devante is considering competing in a Junior Gold Qualifier in December but is not a current USBC Youth member this season but was last season. Sabrina is coaching Devante at the local bowling center. While he is training with Sabrina, is it In-Program Contact?

Yes, this training session is In-Program contact.

Sabrina is a Registered Volunteer and Devante is a Minor Athlete. They are engaging in an activity related to participation in sport. Devante's status as a Minor Athlete is confirmed because he was a USBC Youth member last season. While he has not purchased membership this season, the Athlete Safety Program Policies applies for 12 months from his last membership with USBC; therefore, Sabrina needs to follow the policies while training Devante. If Devante does not become a USBC member this season, the policies will cease to apply until he again becomes a USBC Youth member.

Regular Contact

Scenario 4

Anne, an avid bowler, decides to volunteer twice per month the local association youth tournament as a way of giving back to her favorite sport. At this weekend's event (her fourth volunteer event), Anne is assigned changing scores on the automatic scoring machines in the bowler's area. Does Anne have Regular Contact with Minor Athletes?

Yes.

Anne is considered to have Regular Contact and must complete the SafeSport Trained Core because her volunteer role means she engages with Minor Athletes multiple times throughout the year. Additionally, Anne chose to work events that only cater to Minor Athletes. Also, Anne already worked four youth events, which aligns with the "ongoing interaction" portion of the Regular Contact definition.

Scenario 5

A local association hosts an end of season banquet to celebrate youth bowler's accomplishments this past season. In addition to inviting youth members, coaches, and staff, parents have been invited as well. Will parents who attend the event fall under the Regular Contact definition?

No.

This banquet would constitute one instance of interaction and would not qualify the parents as Adult Participants. Even if parents chose to intentionally engage with Minor Athletes (not including their own children), it would still be considered only a singular instance and not ongoing.

Close in Age

Scenario 6

Alysia (19) recently started working as a coach on a Saturday morning USBC Youth league she used to bowl on with Nia (16). Would Alysia meet the Close-in-Age Exception?

No.

While Alysia is not more than 4 years older than Nia, she now has authority over Minor Athletes on the league and no longer meets the requirements for the Close-in-Age Exception. Alysia must complete the requirements to be a Registered Volunteer once she is in a role that has authority over Minor Athletes.

Dual Relationship

Scenario 7

Georgia's (15, Minor Athlete) coach Nichole (Registered Volunteer) and her mother June competed on the same team when they were younger. Over the years, Nichole and June maintained a close friendship. When Nichole became Georgia's coach, she had known Georgia for many years, as she was often at Georgia's home visiting. Would the relationship between Georgia and Nichole qualify as a Dual Relationship?

Yes.

The previously established relationship between Georgia and Nichole would qualify as a Dual Relationship because the relationship between Nichole and June is outside of the sport program. For Nichole to receive a Dual Relationship Exception to any of the policies, June would need to provide written consent to the Organization on an annual basis authorizing what exceptions Nichole is allowed.

Scenario 8

Jasmine is the director of a local association, and her daughter Aurora (10) is on a youth league. Aurora's coach is Tiana, who has been coaching in the league for 5 years. Tiana and Jasmine met through the local association while being on the board together. They have developed a strong friendship. Aurora's nickname for Tiana is Auntie Tia. Would the relationship between Tiana and Aurora qualify as a Dual Relationship since Jasmine and Tiana met because of their work at the local association?

Yes.

Often, adults develop friendships with their fellow volunteers. Jasmine would need to complete the Dual Relationship consent form.

Scenario 9

In addition to being a USBC Trained Bronze coach, Samir is also an NCAA coach. Currently, Samir is working in her capacity as an NCAA coach and actively recruiting one of the Minor Athletes at the bowling center she coaches at. Can Samir send one-on-one communication to the Minor Athlete or is she required to copy a Registered Volunteer, Adult Participant and/or the Minor Athlete's parent/guardian in compliance with Minor Athlete Safety Policy #1?

Samir is working in her capacity as an NCAA recruiter and this contact would fall under the dual relationship exception. Samir needs to obtain a Dual Relationship consent form from the Minor Athlete's parent prior to sending any one-on-one communications.

Electronic Communications

Scenario 10

Sarah, a High School coach, sends a text in a group chat to the team, all 16 or 17 years old. Sarah does not copy anyone else on this text. Is this permissible under the Electronic Communication Policy?

No.

This communication does not follow the Electronic Communications Policy. Sarah must copy another Registered Volunteer or Adult Participant or each of the Minor Athletes' parents/guardians for her communication to be in compliance.

Scenario 11

Stacey, a 22-year-old adult athlete on an NGB national team, messages her teammate, Olivia, a 17-year-old Minor Athlete, to tell her that she will not be at the competition this weekend. Stacey also lets Olivia know that it was not an emergency. Is this acceptable under the Electronic Communication Policy?

No.

Because Stacey is more than four years older than Olivia, she does not fall into the Close-in-Age Exception and must follow the Electronic Communications Policy by making sure the communication is Open and Transparent.

Scenario 12

Olivia, a 17-year-old Minor Athlete, sends a text to her coach, Sarah (Adult Participant), to see what time practice starts tomorrow. How should Sarah respond?

Sarah should reply and copy either Olivia's parent/guardian, another adult family member, or another Adult Participant on the text to ensure she is following the Electronic Communications Policy.

Scenario 13

Sarah, an LAO head coach, invites her team to use a team communication app as their primary form of communication for all updates, announcements, and questions. All parents are invited to be a part of the team group so they can also see the communication. Is this app considered Open and Transparent?

Yes.

As long as Sarah only posts to the team group channel that includes another Adult Participant or each of the Minor Athletes' Parent/Guardian, this form of communication would be considered Open and Transparent. Sarah must not communicate one-on-one with Minor Athletes through this app without copying another Adult Participant, the Minor Athlete's Parent/Guardian, or another adult family member.

Transportation

Scenario 14

Cade has known and coached Ben, a 10-year-old Minor Athlete, for years. This year, Ben's parents mention to Cade that both of their work schedules would prevent them from getting Ben to his PSO-organized training sessions on time. Cade offers to drive Ben to the training sessions. Ben's parents agree and sign a written consent form for this arrangement. Is Cade following the Transportation Policy?

Yes.

With advance, written consent from Ben's parents, Cade can transport Ben one-on-one during In-Program travel. Cade should ensure that written consent is obtained annually.

Lodging

Scenario 15

Liv's youth bowling team consisting of 16 and 17-year-olds traveled out of state for a weekend tournament along with other teams from the league. All travel and lodging were organized by the league officers. There were 12 Minor Athletes, two coaches, and two parents who agreed to come along as chaperones. The entire league is staying on the third floor of a local hotel near where the tournament is taking place. The Minor Athletes are sharing rooms (four to a room) and each adult gets their own room. Are the two parents who came on the trip now considered Adult Participants and required to complete the SafeSport Trained Core?

Yes.

The parents have been authorized by the league to have authority over the Minor Athletes and now qualify as Adult Participants. Additionally, any Adult Participant who travels overnight with Minor Athletes has Authority over minors, triggering the requirement to take the SafeSport Trained Core.

Scenario 16

Can the coach perform room checks each night to confirm the Minor Athletes are in their room by their designated curfew?

Yes.

A coach can perform room checks, BUT they must follow the One-on-One Interaction Policy

Scenario 17

For this lodging arrangement, are there any consent forms that need to be signed?

Yes.

Since this arrangement was made by the league, there are consent forms that need to be signed. The league officers must have written consent at least annually for all lodging organized by the league from all parents of Minor Athletes. Adult Participants traveling on the trip need to agree to and sign the lodging policy annually.

Scenario 18

Amara, a 17-year-old Minor Athlete, is traveling with her team out of state for a tournament this weekend. The local association made all arrangements for lodging. Amara and Sheila, a 20-year-old athlete and an Adult Participant on Amara's team, will be sharing a room during the tournament. The local association obtained written consent for this lodging arrangement prior to departure for the event, and Sheila signed off on the lodging policy at the beginning of the season when she renewed her membership. Is this lodging arrangement acceptable under the Lodging Policy?

Yes.

Sheila meets the Close-in-Age Exception and signed the NGB's lodging policy. The NGB also obtained consent prior to lodging arrangement. All policy requirements were met for Amara and Sheila to share a hotel room.

Scenario 19

In addition to being Jenna's (14-year-old Minor Athlete) head coach, Carol, is also considered Jenna's aunt due to her longtime friendship with Jenna's mom. Carol and Jenna's team has a tournament out of town and Jenna's parents cannot attend, so Carol agreed to take Jenna. Carol has a Dual Relationship consent form on file with the league that gives her an exemption as permitted in the Minor Athlete Safety Policies. Since Carol and Jenna are sharing a hotel room, Carol also obtained consent for this specific lodging arrangement. Based on the policy, can Carol and Jenna share a hotel room?

Yes.

Carol followed all the appropriate requirements and can share a room with Jenna due to the Dual Relationship exception.

Scenario 20

Kol, a local association board member, volunteered to take his son and four of his son's teammates to an event out of state because the teammates' parents could not travel to the event. Kol found a shared lodging arrangement near the event with three bedrooms and three bathrooms. Kol and his son will share one room and the four other Minor Athletes will share the other two rooms. Is this lodging arrangement allowed under the policy?

Yes.

Shared lodging arrangements may be allowed under the policy if no Registered Volunteer or Adult Participant is sleeping in the same room as a Minor Athlete. Remember that the One-on-One Interaction Policy still applies for In-Program Contact at the lodging site. Since Kol is an Registered Volunteer because of his role as an local association board member, all his interaction with the Minor Athletes must be observable and interruptible.

Scenario 21

Is Kol considered a Registered Volunteer who needs to take the SafeSport Trained Core?

Yes.

Kol is a local association board member and in a Registered Volunteer role. Therefore, he is required to take the training and have a current background screen. If Kol was not a local association board member, he would not need be in a Registered Volunteer role or an Adult Participant so he would not need to take the SafeSport Trained Core.

Scenario 22

For this lodging arrangement are there any consent forms that need to be signed?

Yes.

Kol must obtain written consent for all Minor Athletes because this lodging arrangement is considered In-Program.

Scenario 23

Tripp, Georgie's parent, volunteered to take Georgie, a Minor Athlete, and three of her teammates to an event out of state because the teammates' parents could not travel to the event. Tripp found a shared lodging arrangement near the event, and he had his own room while Georgie and her teammates shared the other rooms. Is Tripp considered an Adult Participant who needs to take the SafeSport Trained Core because he is a parent who will be traveling with other Minor Athletes?

No.

Tripp would not be considered an Adult Participant due to this event alone because, as a parent, he is working with other parents to arrange travel. If Tripp has other roles or meets the definition of a Registered Volunteer or Adult Participant, then he would need to take the SafeSport Trained Core, but being a parent who arranges travel with other parents or traveling to a certified event with his child and his child's teammates does not qualify him as an Adult Participant.

Scenario 24

Is this lodging arrangement allowed under the policy?

This lodging arrangement was made by a parent who is not an Adult Participant and other parents of the team. This arrangement would not be covered by the policy because it does not involve In-Program Contact by a Minor Athlete and an Adult Participant.

Scenario 25

For this lodging arrangement, are there any consent forms that need to be signed?

No.

This lodging arrangement was made by parents on the team and not by the league or the local association. It is not covered by the policy, and therefore, no consent forms would need to be obtained.

Background Screening

NCSI will be charging you for your background screen through the process. The entire fee goes to NCSI.

When completing the background screening through the community login on BOWL.com, it will not require any pins, codes, or an applicant ID. If it does, then it means you took too long to complete it and the system timed you out which happens when one uses a device other than a desktop or laptop computer. To correct this, close out of the program and begin the process over.

If you are on a computer and you are receiving the message screenshot below, you only need to answer the top part; your name, social security number, and date of birth.

Appendix A – U. S. Center for SafeSport Requirements for Education & Training and Prevention Policies for USBC and its LAOs

The U. S. Center for SafeSport requires USBC and LAOs implement proactive policies designed to prevent abuse. These organizational requirements are described below.

A. Organizational Requirements for Education & Training

1. USBC must track whether Adult Participants under the organization’s jurisdiction complete the required training listed in Part I.
2. USBC and LAOs must, on an annual basis, offer and, subject to parental consent, give training to Minor Athletes on the prevention and reporting of child abuse.
 - a. For training to Minor Athletes, USBC must track a description of the training and how the training was offered and provided to Minor Athletes.
 - b. USBC is not required to track individual course completions of Minor Athletes.
3. USBC and LAOs must, on an annual basis, offer training to parents on the prevention and reporting of child abuse.

B. Required Prevention Policies and Implementation

1. USBC must develop minor athlete abuse prevention policies that contain the mandatory components of the Center’s model policies in Part III. These model policies cover:
 - a. One-on-one interactions
 - b. Meetings and training sessions
 - c. Athletic training modalities, massages, and rubdowns
 - d. Locker rooms and changing areas
 - e. Electronic communications
 - f. Transportation
 - g. Lodging
2. The policies must be approved by the Center as described in subsection (C) below. The policies may include the recommended components in Part III and the recommended policies in Part IV. Given the uniqueness of each sport, however, some recommended components or policies may not be feasible or appropriate. An Organization may choose to implement stricter standards than the model policies.
3. USBC must also require that its LAOs implement these policies within each LAO. USBC local and state associations and league and tournament competitions are considered LAOs.
4. Each Organization must implement these policies for all In-Program Contact.
 - a. At sanctioned events and facilities partially or fully under the Organization’s jurisdiction, the organization must take steps to ensure the policies are implemented and followed.
 - b. For In-Program Contact that occurs outside an Organization’s sanctioned event or facilities, implementing these policies means:
 - i. Communicating the policies to individuals under the Organization’s jurisdiction;
 - ii. Establishing a reporting mechanism for violations of the policies;
 - iii. Investigating and enforcing violations of the policies.
5. USBC must have a reporting mechanism to accept reports that an Adult Participant is violating the Organization’s minor athlete abuse prevention policies. The Organization must appropriately investigate and resolve any reports received, unless the violation is reported to the Center and it exercises jurisdiction over the report. This requirement is in addition to requirements to report abuse under the SafeSport Code.

C. Policy Approval and Submission Process

1. USBC may adopt the MAAPP as-is or adapt it to fit their needs. Regardless, each Organization must submit their policies to the Center at compliance@safesport.org for review and approval by January 31, 2021. The Center will approve, approve with modifications, or deny the policies. If the Center denies the proposed policy, the mandatory components of Part III become the default policy until the Center approves the policy.

2. USBC must require their LAOs to incorporate the mandatory components of Part III. NGBs may require that their LAOs implement the NGB's policies, which may be more stringent than the policies in Part III.
3. An NGB may, in its discretion, require its National Member Organizations (NMO) to implement these policies.*
4. The mandatory components of Part III will serve as the default policy for any organization that fails to develop its own policy as required by this section.

*An NGB that chooses to require its NMOs to implement the Education & Training Policy must obtain advanced, written approval from the Center to expand the training access to additional persons. Requests must be submitted to ngbservices@safesport.com.
