EQUIPMENT SPECIFICATIONS

# USBC Approved Bowling Balls

***Since all bowling balls manufactured prior to the creation of the Approved Ball List (January 1991) have been previously approved and are allowed for use in USBC certified competition, the acceptance of those balls is at the discretion of the tournament director and/or league official. As a courtesy to league and tournament participants, House Balls may be used even though they are not specifically posted on the Approved Ball List. Please see the USBC Equipment Specifications Manual for House Ball specifics.***

***** Denotes bowling balls manufactured only under 13 pounds.***
